Explanatory Memorandum

1. Introduction

The following information is provided to Shareholders of the Company in connection with the business to be considered at the General Meeting of Shareholders to be held online only by <https://meetnow.global/MWQAZFN> on Thursday, 6 November 2025 at 7.00pm (Sydney time) / 8.00am (London time).

The Directors recommend Shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the Resolutions.

Unless otherwise defined, terms used in this Explanatory Memorandum are defined in section 9.

2. Overview of agreements with Long State

On 3 September 2025, the Company executed the following binding financing agreements with Long State Investments Ltd. (**Long State**):

- (a) a share placement agreement to raise up to £8 million (**Share Placement Agreement**); and
- (b) a committed equity facility to raise up to £20 million through placement tranches of shares in the Company over the next 24 months following shareholder approval (**Equity Placement Facility Agreement** or **EPF**).

The Company has completed the first placement under the Share Placement Agreement, through an initial placing of 24,786,526 shares that are the subject of Resolution 1 (**First Placement**). After the First Placement, the Company, at its sole discretion, can undertake additional placings (**Subsequent Placements**), provided that the maximum aggregate amount of the First Placement and all Subsequent Placements shall not exceed £8 million.

The Share Placement Agreement and Equity Placement Facility Agreement (together, the **Agreements**) provide the Company with access to a significant pool of capital, while maintaining flexibility and control over the terms of the placements, over a two-year period, which represents a critical period for the Company as it advances the Project towards construction and production.

The Agreements enable the Company to source funds if and when required during the period, at what the Company considers to be more attractive terms compared to other traditional equity financing methods, which are often associated with greater shareholder dilution.

The Company's largest shareholder, Assore International Holdings Limited (**Assore**) has confirmed that it intends to vote in favour of the resolutions relating to the Agreements, in the absence of a superior proposal. Further detail in relation to the Agreements are set out in the following Explanatory Memorandum.

3. Resolution 1 - Ratification of issue of the First Placement Shares under the Share Placement Agreement

3.1 Share Placement Agreement – First Placement

Under the First Placement of the Share Placement Agreement, the Company has issued 24,786,526 shares to Long State (or its nominee) at an issue price of £0.080689 (A\$0.16566) each (**First Placement Price**), to raise approximately £2 million (A\$4,106,060) (**First Placement Proceeds**).

Explanatory Memorandum

In respect of the First Placement Proceeds:

- (a) the Company has retained 50% of the First Placement Proceeds, being approximately £1,000,000 (A\$2,053,030); and
- (b) the Company has paid the remaining 50% of the First Placement Proceeds (**Swap Deposit**) to Long State (as a deduction from the First Placement Proceeds) which will be subject to the swap arrangements detailed below. On the Trading Day immediately after the relevant "Pricing Period" (as that term is defined in the formula below) (**Swap Payment Date**):
 - (1) Long State must pay the Swap Deposit to the Company;
 - (2) where the Adjustment Price (defined below) is positive, Long State must pay the Swap Amount (defined below) to the Company; and
 - (3) where the Adjustment Price is negative, then the Company must pay the Swap Amount to Long State.

The Swap Amount will be calculated as follows:

$$\text{Swap Amount} = A \times B$$

Where:

A = Number of Placement Shares (i.e. 24,786,526)

B = Adjustment Price, calculated as the difference between the "Market Price" (being the numeric average of 40 daily VWAPs of the Company's shares trading on AIM, as nominated by Long State during the relevant "Pricing Period" (the 80-day trading period immediately after completion, as may be extended to exclude any days within the pricing period under the Equity Placement Facility Agreement), minus the "Benchmark Price" (being 115% of the First Placement Price).

The Placement Shares in respect of the First Placement were issued pursuant to the Company's Listing Rule 7.1 capacity.

The process in respect of all Subsequent Placements will align with the process in respect of the First Placement outlined above. Subject to the satisfaction of customary conditions precedent, Subsequent Placement requests can be made by the Company up to 24 months after the Commitment Commencement Date of the Facility (as that term is defined below).

The Share Placement Agreement may be terminated by agreement between the Company and Long State at any time or by Long State in respect of an event of default or a change in law.

The Share Placement Agreement contains typical investor protections such as conditions precedent that must be satisfied for each placement, negative covenants and representations and warranties.

As conditions to the Share Placement Agreement, Long State undertakes that:

- (a) it and its affiliates will not participate in short selling of any of the Company's securities over the term of the agreement.
- (b) it will not trade more than 5% of the number of placement shares per day during the relevant Pricing Period without prior consent from the Company.

3.2 Listing Rules 7.1 and 7.4

Broadly speaking, and subject to a number of exceptions, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over

Explanatory Memorandum

any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period.

The issue of the First Placement Shares to Long State does not fit within any of the exceptions to Listing Rules 7.1 and, as they have not been approved by Shareholders, effectively uses up part of the Company's 15% placement capacity under Listing Rule 7.1.

This reduces the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12-month period following the issue of the Long State First Placement Shares.

Listing Rule 7.4 provides an exception to Listing Rule 7.1. It provides that where a company in a general meeting ratifies the previous issue of securities made pursuant to Listing Rule 7.1 (and provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been made with shareholder approval for the purpose of Listing Rule 7.1.

The Company confirms that Listing Rule 7.1 was not breached at the time the Long State First Placement Shares were agreed to be issued.

3.3 Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to the ratification of the issue of the Long State First Placement Shares:

- (a) The Long State First Placement Shares were issued to Long State Investments Ltd by way of its nominated entity Patras Capital Pte Ltd (**Long State**)
- (b) A total of 24,786,526 Shares were issued under Listing Rule 7.1.
- (c) The First Placement Shares issued to Long State are fully paid ordinary Shares in the capital of the Company and rank equally in all respects with the Company's existing Shares on issue.
- (d) The Long State First Placement Shares were issued on or about 5 September 2025.
- (e) The Long State First Placement Shares were issued at £0.080689 (A\$0.16566) each. As noted above, the Company has retained 50% of the First Placement Proceeds, with the remaining 50% the subject of the swap arrangements as noted above in section 3.1.
- (f) The proceeds from the issue of the Long State First Placement Shares are intended to provide the Company with necessary funds to advance its flagship Project in Ghana towards production and working capital requirements.
- (g) A summary of the material terms of the Share Placement Agreement is set out above in section 3.1.
- (h) A voting exclusion statement is included in Resolution 1.

3.4 Effect of Shareholder Approval

The effect of Shareholders passing Resolution 1 will be to allow the Company to retain the flexibility to issue Equity Securities in the future up to the 15% placement capacity set out in Listing Rule 7.1, without the requirement to obtain prior Shareholder approval.

If Resolution 1 is passed, the Long State First Placement Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of

Explanatory Memorandum

Equity Securities it can issue without Shareholder approval over the 12-month period following the issue date.

If Resolution 1 is not passed, the Long State First Placement Shares will continue to be included in the Company's 15% limit under Listing Rule 7.1, effectively decreasing the number of Equity Securities the Company can issue or agree to issue without obtaining prior Shareholder approval, to the extent of 24,786,526 Equity Securities for the 12-month period following the issue of those Long State First Placement Shares.

3.5 Director's recommendation

The Directors recommend that Shareholders vote in favour of Resolution 1.

4. Resolution 2 - Ratification of the issue of Fee Shares to Long State under the Equity Placement Facility

4.1 Summary of the Equity Placement Facility

As noted above, the Company has entered an EPF with Long State, providing up to £20 million in discretionary funding over 24 months to support the advancement of the Project and working capital. Other than an initial £500,000 placement (subject to separate approval under Resolution 5), the Company is under no obligation to draw on the facility, with the timing, amount (generally up to £500,000 per tranche, or £5 million by mutual consent, with Long State able to increase each placement by up to 15%), and the nominated price (not below £0.06) for each placement being at the Company's discretion.

Shares will be issued at the higher of the Company's nominated price and the market price (based on five VWAPs chosen by Long State over a 20-day pricing period). A 5% commission is payable on each placement. As part of the facility, the Company was required to pay Long State a £100,000 implementation fee, which Long State agreed to use for the immediate subscription of £100,000 of Shares (the subject of this Resolution 2), 10 million warrants exercisable over 5 years at 150% of the relevant VWAP (subject to approval under Resolution 3), and 10 million Security Shares (subject to approval under Resolution 4). The Security Shares, on expiry or termination, must be transferred to the Company's nominee, sold with proceeds returned to the Company, or bought back and cancelled at no cost.

The EPF may be terminated by the Company at any time without penalty, does not restrict other ordinary financing, and contains customary conditions, covenants and warranties, with Long State also agreeing not to short sell the Company's securities, not to trade beyond agreed daily and placement limits, to provide trading summaries on request, and not to hold more than 19.99% of the Company's shares or trigger a mandatory takeover offer.

4.2 Background to the Fee Shares

As noted above, under the EPF, the Company was required to pay Long State a cash implementation fee of £100,000 (**Implementation Fee**). Long State agreed to immediately apply the Implementation Fee for the issue of 1,174,188 Shares at £0.085165 (A\$0.17483) per Share based on the adjusted VWAP on the Trading Day immediately prior to the date on which the Implementation Fee was paid (**Fee Shares**).

4.3 Listing Rules 7.1 and 7.4

A summary of Listing Rules 7.1 and 7.4 are in section 3.2 above.

The issue of the Fee Shares does not fit within any of the exceptions to Listing Rules 7.1 and, as they have not been approved by Shareholders, effectively uses up part of the Company's 15% placement capacity under Listing Rule 7.1.

This reduces the Company's capacity to issue further Equity Securities without Shareholder approval under Listing Rule 7.1 for the 12-month period following the issue of the Fee Shares.

Listing Rule 7.4 provides an exception to Listing Rule 7.1. It provides that where a company in a general meeting ratifies the previous issue of securities made pursuant to Listing Rule 7.1

Explanatory Memorandum

(and provided that the previous issue did not breach Listing Rule 7.1), those securities will be deemed to have been made with shareholder approval for the purpose of Listing Rule 7.1.

The Company confirms that Listing Rule 7.1 was not breached at the time the Fee Shares were agreed to be issued.

4.4 Listing Rule 7.5

Pursuant to and in accordance with Listing Rule 7.5, the following information is provided in relation to the ratification of the issue of the Fee Shares:

- (a) The Fee Shares were issued to Long State who is not a related party of the Company.
- (b) A total of 1,174,188 Fee Shares were issued under Listing Rule 7.1.
- (c) The Fee Shares are fully paid ordinary Shares in the capital of the Company and rank equally in all respects with the Company's existing Shares on issue.
- (d) The Fee Shares were issued on or about 5 September 2025.
- (e) The Fee Shares were issued at £0.085165 (A\$0.17483) per Share based on the adjusted VWAP on the Trading Day immediately prior to the date on which the Implementation Fee was paid.
- (f) The Fee Shares were issued in connection with the Implementation Fee payable under the EPF. Under the EPF, the Company was required to pay Long State a £100,000 implementation Fee, which Long State agreed to apply to the immediate subscription for £100,000 of Shares. The net cash position of the Company did not change as a result of this issue and accordingly, no funds were raised by the issue.
- (g) A summary of the material terms of the Equity Placement Facility is set out above in section 4.1.
- (h) A voting exclusion statement is included in Resolution 2.

4.5 Effect of Shareholder Approval

The effect of Shareholders passing Resolution 2 will be to allow the Company to retain the flexibility to issue Equity Securities in the future up to the 15% placement capacity set out in Listing Rule 7.1, without the requirement to obtain prior Shareholder approval.

If Resolution 2 is passed, the Fee Shares will be excluded in calculating the Company's 15% limit in Listing Rule 7.1, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue date.

If Resolution 2 is not passed, the Fee Shares will continue to be included in the Company's 15% limit under Listing Rule 7.1, effectively decreasing the number of Equity Securities the Company can issue or agree to issue without obtaining prior Shareholder approval, to the extent of 1,174,188 Equity Securities for the 12-month period following the issue of those Fee Shares.

4.6 Director's recommendation

The Directors recommend that Shareholders vote in favour of Resolution 2.

Explanatory Memorandum

5. Resolution 3 - Approval to issue the Warrants under the Equity Placement Facility Agreement

5.1 Background to the Warrants

As part of the EPF, the Company has agreed, subject to shareholder approval, to issue 10,000,000 warrants to Long State (or its nominee) exercisable during the 5-year period from the "Commitment Commencement Date" (being the date that the Company notifies Long State that it has obtained shareholder approval in respect of the Facility) at an Exercise Price equal to 150% of the numeric average of the daily VWAPs on AIM of the 5 Trading Days immediately prior to the Commitment Commencement Date.

5.2 Key Terms of the Warrants under the EPF

The key terms of the Warrants are as follows:

- (a) **(Exercise Price)** The Exercise Price for the Warrants will be equal to 150% of the numeric average of the daily VWAPs on AIM of the 5 Trading Days immediately prior to the Commitment Commencement Date (being the date that the Company notifies Long State that it has obtained shareholder approval in respect of the Facility).
- (b) **(entitlement)**: Each Warrant entitles the holder to subscribe for one fully paid ordinary share at the Exercise Price during the 5-year period commencing on the Commitment Commencement Date (the **Expiry Date**).
- (c) **(expiry)**: Any Warrant not exercised by 5.00pm (GMT) on the Expiry Date will automatically lapse.
- (d) **(exercise procedure)**: Warrants may be exercised by delivering a written notice of exercise, together with payment of the Exercise Price (unless exercised on a cashless basis). On valid exercise, the Company must either issue the corresponding number of Shares or pay the Holder the cash value of the Warrants (calculated by reference to VWAP of the Shares on AIM on the date of notice of exercise of the Warrants).
- (e) **(cashless exercise)**: Holders may elect to exercise Warrants on a cashless basis, in which case no cash payment is required and the number of Shares issued will be calculated in accordance with a prescribed formula using the VWAP and Exercise Price as detailed below:

The Holder may (in its sole discretion) in an Exercise Notice given under the EPF specify that it is exercising the Warrants on a cashless basis. If the Holder does so, then the Holder will not be required to pay any money to the Company to exercise the Warrants, and the Company must forthwith allot and issue Shares to the Holder in accordance with the following formula:

$$N = A/B \times (B - C)$$

Where:

N = number of Shares required to be allotted and issued;

A = the number of Warrants being exercised;

B = the VWAP on the Trading Day immediately prior to the date of the exercise notice; and

C = the Exercise Price.

- (f) **(multiple exercises)**: Warrants may be exercised in whole or in part on multiple occasions prior to expiry.

Explanatory Memorandum

- (g) **(quotation and regulatory compliance)**: Following the issue of Shares upon exercise of Warrants, the Company must apply for quotation of the Shares on ASX and AIM and take all steps required to ensure compliance with the Corporations Act.
- (h) **(transferability)**: Warrants are freely transferable and may be exercised by a nominee of the Holder.
- (i) **(rights on new issues)**: Warrants do not carry any entitlement to participate in new issues of capital or dividends.
- (j) **(adjustments)**: In the event of a reorganisation of the Company's capital, the terms of the Warrants will be adjusted in accordance with the ASX Listing Rules and AIM Rules. In the event of a bonus issue, the number of Shares over which a Warrant is exercisable will be increased to reflect the entitlement the Holder would have received had the Warrants been exercised prior to the record date.

5.3 Listing Rule 7.1

As set out above, Listing Rule 7.1 limits the amount of Equity Securities that a listed company can issue without the approval of its shareholders over any 12-month period to 15% of the fully paid ordinary shares it had on issue at the start of that period. The Warrants proposed to be issued under the EPF constitute Equity Securities for the purposes of the Listing Rules, as their exercise may result in the issue of Shares.

Given the Company has agreed to issue the Warrants subject to Shareholder approval being obtained, the proposed issue falls within exception 17 of Listing Rule 7.2, which provides that Listing Rule 7.1 does not apply to an issue of securities which is conditional upon prior Shareholder approval being obtained. If an entity relies on this exception, it must not issue the securities without such approval.

Accordingly, Shareholder approval is sought under Listing Rule 7.1 to permit the issue of the Warrants (and any Shares issued on their exercise).

5.4 Specific information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to the proposed issue of the Warrants:

- (a) The Warrants are proposed to be issued to Long State.
- (b) A total of 10,000,000 Warrants on the terms detailed above are proposed to be issued.
- (c) The material terms of the Warrants are set out above in section 5.2.
- (d) The Warrants are proposed to be issued within 5 business days of Shareholder approval being obtained, and in any event, if approved will be issued within 3 months of the date of the EGM.
- (e) The Warrants are issued as part consideration for entry into the EPF.
- (f) No funds are intended to be raised by the issue of the Warrants as they are issued for nil under the EPF. Funds may be raised upon the exercise of the Warrants in accordance with their terms which will be applied towards the Company's projects and working capital requirements at the relevant point in time.
- (g) A summary of the material terms of the EPF are set out above in section 2 and 4.1.
- (h) The securities are not being issued under, or to fund, a reverse takeover.
- (i) A voting exclusion statement is included in Resolution 3.

Explanatory Memorandum

5.5 Effect of Shareholder Approval

If Resolution 3 is passed, the Company will be able to proceed with the issue of the Warrants. In addition, the Warrants (and any Shares issued on their exercise) will be excluded in calculating the Company's 15% placement capacity under Listing Rule 7.1. This will effectively increase the number of Equity Securities the Company can issue without Shareholder approval over the 12-month period following the issue of the Warrants.

If Resolution 3 is not passed, the Company will not be able to proceed with the issue. Given Resolutions 3 to 5 are conditional upon the passing of one another, the Company will also be unable to issue the Security Shares and the Initial Placement Shares. The Company will be unable to draw down any further funds under the EPF and may be required to seek alternative funding arrangements on terms less favourable or more dilutionary.

5.6 Constitution requirements

Under the Company's Constitution, pre-emptive rights would ordinarily require the Company to first offer new equity securities to existing shareholders on a pro-rata basis. However, Rule 6.2(a) of the Company Constitution permits the issue of equity securities for non-cash consideration where such an issue is authorised by ordinary resolution of Shareholders. Accordingly, Shareholder approval is also being sought to enable the Company to issue the Warrants without the need to make a pre-emptive offer to existing shareholders.

5.7 Conditional Resolution

Resolutions 3 to 5 are conditional upon the passing of one another, so that each will not have effect unless and until all others are passed.

5.8 Director's recommendation

The Directors recommend that Shareholders vote in favour of Resolution 3.

6. Resolution 4 - Approval to issue the Security Shares under the Equity Placement Facility Agreement

6.1 Background

As part of the EPF, the Company has agreed, subject to Shareholder approval, to issue 10,000,000 fully paid ordinary shares to Long State (or its nominee) prior to the first placement under the EPF (**Security Shares**). The Security Shares are being issued as part of the consideration for Long State agreeing to provide the EPF. Upon expiry or termination of the EPF, the Company may elect the manner in which the Security Shares are dealt with as is detailed below in section 6.2(c). The material terms of the Security Shares are summarised further below.

6.2 Key Terms of the EPF as it relates to the Security Shares

The key terms of the EPF as it relates to the Security Shares are as follows:

- (a) **(timing of issue)**: To be issued to Long State at least five trading days prior to the first placement notice under the EPF.
- (b) **(compliance)**: The Company must apply for quotation of the Security Shares on ASX and AIM, and give notice under section 708A(5) of the Corporations Act (or otherwise ensure that an offer for sale does not require disclosure under section 707 of the Corporations Act).
- (c) **(return mechanism)**: Following the end of the commitment period and the Company's satisfaction of its obligations under the EPF, the Company may elect how Long State returns the economic benefit of the Security Shares, including:
 - (1) transfer back to a Company nominee;

Explanatory Memorandum

- (2) sale of the Security Shares on-market with proceeds (net of brokerage) remitted to the Company; or
- (3) buy-back and cancellation for no consideration (subject to separate shareholder approval).
- (a) **(adjustments/offsets)**: The number of Security Shares may be reduced or adjusted where the Company is otherwise obliged to issue Shares under the EPF but does not do so, or where set-off arrangements apply between Long State and the Company.
- (b) **(rights)**: Except in an event of default, Long State must use its best endeavours to vote and exercise rights attaching to the Security Shares in accordance with the Company's instructions, and to return any income received on the same terms as the Security Shares.
- (c) **(transferability)**: Long State may deal with the Security Shares, provided that any aggregate number disposed of must be "made good" by a corresponding number of Shares to which Long State is legally entitled under the EPF.

6.3 Listing Rule 7.1

A summary of Listing Rule 7.1 and the relevant exception in Listing Rule 7.2 is in Section 5.3 above.

The Company has agreed to issue the Security Shares subject to Shareholder approval being obtained.

Accordingly, Shareholder approval is sought under Listing Rule 7.1 to permit the issue of the Security Shares.

6.4 Specific information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to the proposed issue of the Security Shares:

- (a) The Security Shares are proposed to be issued to Long State (or its nominee).
- (b) A total of 10,000,000 Security Shares on the terms detailed above are proposed to be issued.
- (c) The Security Shares are fully paid ordinary Shares in the capital of the Company and rank equally in all respects with the Company's existing Shares on issue. The material terms of the Security Shares provided under the EPF are set out above in section 6.2.
 - (1) The Security Shares are proposed to be issued, subject to Shareholder approval, at least 5 Trading Days prior to the issue of the first placement notice, and in any event, if approved will be issued within 3 months of the date of the EGM.
- (d) The Security Shares are issued as part consideration for the entry into the EPF.
- (e) No funds are intended to be raised by the issue of the Security Shares as they are issued for nil or a nominal amount.
- (f) A summary of the material terms of the EPF are set out above in section 2 and 4.1.
- (g) The securities are not being issued under, or to fund, a reverse takeover.
- (h) A voting exclusion statement is included in Resolution 4.

Explanatory Memorandum

6.5 Effect of Shareholder Approval

If Resolution 4 is passed, the Company will be able to proceed with the issue of the Security Shares. In addition, the Security Shares will be excluded in calculating the Company's 15% placement capacity under Listing Rule 7.1, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue of the Security Shares.

If Resolution 4 is not passed, the Company will not be able to proceed with the issue. Given Resolutions 3 to 5 are conditional upon the passing of one another, the Company will also be unable to issue the Warrants and the Initial Placement Shares. The Company will be unable to draw down any further funds under the EPF and may be required to seek alternative funding arrangements on terms less favourable or more dilutionary.

6.6 Constitution requirements

Under the Company's Constitution, pre-emptive rights would ordinarily require the Company to first offer new shares to existing shareholders on a pro-rata basis. However, Rule 6.2(a) of the Company Constitution permits the issue of shares for non-cash consideration where such an issue is authorised by ordinary resolution of Shareholders. Accordingly, Shareholder approval is also being sought to enable the Company to issue the Security Shares without the need to make a pre-emptive offer to existing shareholders.

6.7 Conditional Resolution

Resolutions 3 to 5 are conditional upon the passing of one another, so that each will not have effect unless and until all others are passed.

6.8 Director's recommendation

The Directors recommend that Shareholders vote in favour of Resolution 4.

7. Resolution 5 - Approval to issue the Initial Placement Shares under the Equity Placement Facility

7.1 Background

As outlined in section 4.1, the Company has entered the EPF with Long State to provide the Company with access to up to £20 million in discretionary funding over the next 24 months.

The first drawdown under the EPF involves the issue of up to £575,000 worth of shares (**Initial Placement Shares**) to Long State (or its nominee). Shareholder approval is required under ASX Listing Rule 7.1 to enable the issue of these Initial Placement Shares. Approval of this Resolution will allow the Company to complete the initial drawdown, providing additional funding to advance the Project.

7.2 Key Terms of the Initial Placement Shares under the EPF

The key terms of the Initial Placement Shares are as follows:

- (a) (**Placement Amount**): the size of the Initial Placement will be between £500,000 to £575,000. The maximum amount for each Placement is £500,000 (unless otherwise agreed between the parties), however Long State has the right to increase any Placement size by up to 15% in its sole discretion (**Overallotment Right**) and accordingly, approval is sought in respect of this enlarged potential placement amount. The size of each Placement may also be reduced by Long State by 5% for each Trading Day during the Pricing Period on which the adjusted VWAP for that day is equal to or less than £0.06 per share or for which Shares are subject to a trading halt or are suspended from trading (**Excluded Day Reduction**). Placement sizes may also be reduced under the EPF so as to ensure that the number of Placement Shares by themselves do not constitute a substantial holding and that Long State (together with its associates) will not hold voting power in the Company of more than 19.99%

Explanatory Memorandum

- (b) **(issue price):** Determined in accordance with the EPF, being the higher of the Company's nominated price (the Company can nominate any price at which it is willing to place Shares, provided that the price is not less than £0.06 per share); and the Market Price (the average of five daily VWAPs of the Company's shares, selected by Long State over the 20-day trading period following the Placement Notice).
- (c) **(commission):** A fee of 5% of the relevant Placement Amount is payable to Long State (or its nominee) at the time of issue.

7.3 Listing Rule 7.1

A summary of Listing Rule 7.1 and the relevant exception in Listing Rule 7.2 is in section 5.3 above.

The Company has agreed to issue the Initial Placement Shares subject to Shareholder approval being obtained.

Accordingly, Shareholder approval is sought under Listing Rule 7.1 to permit the issue of the Initial Placement Shares.

7.4 Specific information required by Listing Rule 7.3

Pursuant to and in accordance with Listing Rule 7.3, the following information is provided in relation to the proposed issue of the Initial Placement Shares:

- (a) The Initial Placement Shares are proposed to be issued to Long State.
- (b) A theoretical maximum of 9,583,334 Initial Placement Shares on the terms detailed above are proposed to be issued (calculated on the assumption that (i) Long State exercise their Overallotment Right to increase the Placement Amount to £575,000; (ii) such Shares are issued at the Minimum Acceptable Price of £0.06 per Share; and (iii) there is no Excluded Day Reduction applied). Where any of these assumptions do not apply, the number of Initial Placement Shares issued will be less than the maximum number detailed above.

The following table sets out three examples of the number of Initial Placement Shares that would be issued under different pricing scenarios (assuming no Excluded Day Reduction or any other form of reduction applies):

Placement Size	Placement Price	Number of Placement Shares
£575,000	£0.12	4,791,667 Shares
£575,000	£0.08	7,187,500 Shares
£575,000	£0.06	9,583,334 Shares

- (c) The Initial Placement Shares are fully paid ordinary Shares in the capital of the Company and rank equally in all respects with the Company's existing Shares on issue.
- (d) The Initial Placement Shares are proposed to be issued, subject to Shareholder approval, three Trading Days after the conclusion of the Pricing Period under the EPF. The Pricing Period refers to the 20 consecutive Trading Days commencing on the Trading Day immediately after the Placement Notice Date. The Company and Long State may agree to shorten the Pricing Period. In any event, if approved, the Initial Placement Shares will be issued within 3 months of the date of the EGM.

Explanatory Memorandum

- (e) The Initial Placement Shares will be issued for cash consideration, calculated by reference to the relevant Placement Amount (subject to the limits set out in the EPF and any adjustment upwards or downwards as the case may be). The default maximum Placement Amount for the Initial Placement is £500,000. However, Long State has an Overallotment Right that may increase this amount up to £575,000 as described above in section 7.2(a). The Placement Amount may also be reduced by Long State pursuant to the Excluded Day Reduction as described above in section 7.2(a).
- (f) A summary of the material terms of the EPF are set out above in section 2 and 4.1.
- (g) The securities are not being issued under, or to fund, a reverse takeover.
- (h) A voting exclusion statement is included in Resolution 5.

7.5 Effect of Shareholder Approval

If Resolution 5 is passed, the Company will be able to proceed with the issue of the Initial Placement Shares. In addition, the Initial Placement Shares will be excluded in calculating the Company's 15% placement capacity under Listing Rule 7.1, effectively increasing the number of Equity Securities it can issue without Shareholder approval over the 12-month period following the issue of the Initial Placement Shares.

If Resolution 5 is not passed, the Company will not be able to proceed with the issue. Given Resolutions 3 to 5 are conditional upon the passing of one another, the Company will also be unable to issue the Warrants and the Security Shares. The Company will be unable to draw down any further funds under the EPF and may be required to seek alternative funding arrangements on terms less favourable or more dilutionary.

7.6 Conditional Resolution

Resolutions 3 to 5 are conditional upon the passing of one another, so that each will not have effect unless and until all others are passed.

7.7 Director's recommendation

The Directors recommend that Shareholders vote in favour of Resolution 5.
