experienced on FANYOGO quality during the third quarter leading to almost no sales on that brand. Despite the drop in growth rate compared to end of the last quarter, the business was able to improve the gross margin by about 6.5 percentage points year on year. The improved gross profit margin is due to better product mix, price increases and a significant work done on productivity initiative like the use of biomass energy. Inputs cost continue to soar due to high inflation and exchange rates that have run throughout the year. In spite of that, the business was able to post

TO THE BEST OF OUR KNOWLEDGE THE FINANCIAL STATEMENTS DO NOT GHS 17.8 million as operating profit compared to operating loss of GHS 10.5 million same period last year.
