The Trust seeks to achieve its objective by actively selecting a diversified portfolio of fixed income securities and equities with high growth potential. 1.6. Risk Rating Guide

Based on the Manager's Risk Rating Matrix for debt and equity, the target weighted average risk rating for assets within the scheme should be A rated. Copy of the Risk Rating Guide is available at the Manager's office.

1.7. Investment Approach

The Trust is authorized to invest in the above-listed asset classes and to employ a variety of investment techniques to protect the Trust against market and economic risks to the extent available and permissible by law.

1.7.1. Fixed Income Securities

The Manager expects to invest in fixed income securities of varying maturities. The Manager may also invest in securities with fixed or floating interest rates. The Manager will look for both income and total return and will employ industry analysis that takes into account the economic and market trends facing the issuer and company specific analysis that would unearth the earnings growth potential of the issuer and determine attractive risk reward opportunities of the fixed income security issued.

The Manager in their discretion may sell off debt securities from the Trust portfolio where there is deterioration in the credit worthiness of the issuer, or where it may be beneficial to do so in readjusting the overall maturity of the fixed income security portfolio of the Trust or where expectations and projections regarding revenues and cash flow of the issuer are likely to fall short. In as much as the Manager will seek to ensure that the instruments held generate outstanding income, where market conditions dictate adverse political and economic events, the manager may for defensive purposes, invest the assets of the Trust in cash and cash equivalents, high-quality short-term debt and money market instruments to protect returns on the Trust. These investments may be less risky and go contrary to the principal investment strategy of the Trust.

1.7.2. Equity Securities

In selecting equity securities, considering the growth and income attributes of the Trust, the Manager may invest in equities which have potential for capital appreciation while paying out high dividends. The Manager will seek to invest in blue chip companies that it believes have characteristics for sustainable growth, high profitability and dividend pay-out. The Manager, however, may invest in smaller capitalized domestic companies which have enhanced growth prospects. The Manager will consider fundamental analysis of the companies, operations, management team composition and structure, product development and market share and worldwide trends that may affect the business of the company. The focus would be to identify any indications of undervaluation and growth potential of these companies and to capitalize on such opportunities. The Manager may sell securities and rebalance portfolios where such security prices move outside acceptable price ranges, company performance is deteriorating or where in the discretion of the Manager, it is prudent to do so.

1.8. Investment in other Collective Investment Schemes or Unit Trusts

The Manager is not authorized to invest in other collective investment schemes or unit trusts either managed by the manager or its associates.

1.9. Investment Restrictions

Except with the prior approval of the Commission, the Manager shall not undertake the following on behalf of the Scheme under Regulation 39 of L.I. 1695:

Investments in fixed income instruments may be valued at cost plus accrued interest as at the date of valuation or valued at their current market prices. The Manager will continually assess the methods of valuation and recommend changes where necessary to ensure that the Trust's investments are valued at their fair value as determined in good faith by the Manager.

Equity securities that are traded on a Stock Exchange shall be valued at the last trade price on the Exchange as of the close of business on the day the securities are being valued, or at the last available trade price. The value of investments not listed or quoted shall be based on the net asset value per share based on the last available financial statements subject to an adjustment upwards or downwards of up to 10 per cent to take into account post-balance sheet market conditions except that any adjustment in the price by more than 10 per cent in view of market conditions may be made only after diligent considerations and analysis. The Manager shall keep all records used to support the valuation of unquoted securities.

3.2 Determining Net Asset Value

The Manager of the Trust shall publish the unit price of the Trust at 4.00 pm on the Bora Advisors website every business day. The unit price will be computed by dividing the net value of the Trust's assets (the value of its assets less its liabilities) by the total number of outstanding units at such time. The Manager will continually assess the methods of valuation and recommend changes where necessary to ensure that the Trust's investments are valued at their fair value as determined in good faith.

3.3 Dealing Deadline and Pricing Basis

The price of a unit, called the net asset value per unit, shall be expressed in the base currency which is the Ghana Cedi. Units are priced on a forward basis. This means that the issue price for Units purchased is determined after the Dealing Deadline on each Dealing Day. The NAV is calculated by deducting the total liabilities (including all accrued liabilities) from the total assets (including interest declared but not yet received) by the total number of outstanding units. The Dealing Deadline is 4:00 pm on each Dealing Day (or such other time as may be agreed between the Manager and the Trustee). For example, if you purchase Units before 4:00 pm on a Dealing Day, the price to pay will be based on the issue price of the Units of that Dealing Day. If you purchase units after 4:00 pm on a Dealing Day, the price you pay will be based on the issue price of the units of the next Dealing Day. The issue price of Units for any Dealing Day is always calculated on the previous Dealing Day. That is to say, upon receipt of your purchase request in good order; your investment will be done at the previously determined net asset value.

The price of each unit of the Trust is the net asset value per unit. The Trust values its portfolio securities for which market quotations are readily available at market value. Securities for which market quotations are not readily available or are unreliable are valued at their fair value in good faith using procedures approved by the Trustees of the Trust.

Securities quoted in foreign currencies shall be converted to the local currency based on the prevailing exchange rates on that day. Fluctuations in the value of foreign currencies in relation to the Ghana Cedi (GH¢) may affect the net asset value of the Trust even if there has not been any change in the foreign currency prices of the Trust's investments. Where quotations for

foreign exchange traded securities are available and reliable; the securities will be valued at the market quotations; where such quotations are not readily reliable or markets in which such securities trade close after the dealing deadline or significant issuer specific events occur after the close of the market, which in the opinion of the Manager may affect values of the securities; the Trust may use a fair basis to value such securities

3.4 How Units are Issued

The number of Units (truncated at 4 decimal places) to be issued is calculated by dividing the Net Investment Sum by the issue price for the Trust on the Dealing Day. Since the Trust does not charge fees on subscription, the Net Investment Sum is equal to the money you wish to invest:

Example:

Net Investment Sum = GH¢2,000.00

Issue Price (as calculated on separate Dealing Date for example) = GH¢0.10

Number of Units to be Issued = $\text{GH¢}2,000 / \text{GH¢}0.1 = 20,000$ units

3.5 Management Fees

Management Fee is charged in line with international standards and will be reviewed on an annual basis. Initial fee will not exceed 1.25% per annum on assets of the Trust. The fees paid quarterly to the Trust Manager for its services will accrue daily on the net asset value of the Trust.

3.6 Trustee's Fees

The Trustee is entitled to receive remuneration for its services, which (together with any indirect taxation thereon) shall be paid out of the assets of the Trust. The Trustee fee shall be 0.30% per annum of the asset value of the Trust for its services. The fee shall be accrued daily and paid quarterly in arrears.

3.7 Administration Fees & Other Expenses

Administration Fee which comprises remuneration of auditors and other expenses relating to regulatory bodies, distribution, stationery, and postage shall be within the range of 0.75% – 1.00% of asset value per annum.

04 THE ISSUE AND REDEMPTION OF INTEREST IN THE TRUST

4.1 Initial Offer of Interests and Minimum Interest

An initial offer of 2,500,000 units at an initial price of GH¢0.10 per unit is expected to raise a minimum amount of GH¢250,000. The initial offer will remain open for a period not exceeding twenty-one (21) days inclusive of the days on which the offer opens and closes. The minimum initial purchase per investor shall be 1,000 units (GH¢100) and subsequently in multiples of 100 units (GH¢10).

4.2 Days and Times for Issues and Redemptions

4.3 Purchase of Units

The office of the Manager shall be open from 8:30 am to 4:00 pm from Mondays to Fridays except weekends and statutory public holidays to receive requests for purchase of units. The price at which units of the Trust shall be purchased will reflect the Net Asset Value of the Trust at any time. The Manager reserves the right to reject any order received for purchase of units/ interest in the Trust.

4.4 Procedure for Purchase

Applicants shall complete standard application forms. Telephone or electronic requests will be accepted once an indemnity form has been completed by the Client. Cheques will be cleared first before the processing of applications by the Manager.

The base currency is the Ghana Cedi. However, applicants making purchases with other currencies should allow for currency conversion which may result in a delay. Foreign currencies shall be converted using the prevailing exchange rate. The Trust will inform an applicant of the total number of units allotted and the total cost after the price at which the units are to be issued has been established. Payments for units shall be made in Ghana Cedi; however, applicants can settle their payments with easily convertible currencies but will bear the foreign exchange transaction cost.

For subscriptions using cash, investors must complete the application form accompanying this Prospectus and other approved online/digital platforms, and send it together with the subscription monies to the Manager or their agents (as the case may be). Subscription monies shall be made payable in accordance with the terms of the application form or as the Manager or the agents may direct. For first time investors with Bora Advisors, a valid copy of the investor's National Identity Card (Ghana Card) should be added to the application and sent to the Manager.

Units can only be issued after receipt of subscription monies by 4:00 pm on Dealing Day. Application lapse and be cancelled if settlement is not made.

4.5 Confirmation of Purchase

A contract note shall be issued within three (3) Business Days from the date of receipt of the application form and subscription monies by the Manager.

4.6 Publication of Unit Price

On every business day, the Manager will have published on Bora Capital Advisors website, the indicative Unit Price (NAV) of the Trust which would be the valuation price determined on the dealing day immediately preceding the publication day. A publication may not be made in any given week only when there has been a suspension in the dealings of the Trust.

The price may also be ascertained at the offices of the Manager.

4.7 No Initial Charge

The Trust imposes no initial charge upon subscription of units.

4.8. Redemption of Units

The Trust is open-ended and therefore will redeem for cash all units of the Trust on receipt of a request which shall entail the completion of an Investment Withdrawal Form. There are no minimums on amounts that can be redeemed. Units can be redeemed on every business day except public and statutory holidays and may be done either in person at the manager's office or through approved online/digital platforms.

The redemption proceeds paid to an applicant will be the Redemption Price per Unit of the Trust (which shall be the computed NAV) multiplied by the number of Units redeemed. The redemption proceeds are paid to investors within three (3) to five (5) Business Days following receipt of the Redemption request. Proceeds shall be paid through the following means:

1. By cheque to the applicant and the applicant shall be required to pick up the cheque in person or per instruction have it collected by a third party authorized to do so by the applicant;
2. Transfer into an account (Bank or other collective investment scheme by the Manager) of choice;
3. Mobile Money Platform.

In the case of Joint Investors, payments shall, in the absence of instructions to the contrary from a joint investor, made payable to the order of the first named of the joint investors.

4.9. Redemption Charge

A redemption charge of 3.0% will be incurred on redemptions made on units purchased under one year. The charge will reduce to 2.0% for units purchased under 2 years. There will be no charge on redemptions for units purchased over two years.

4.10. Collecting Agents

4.11. Suspension in Dealings

The Manager may, with the approval of the Trustee, suspend dealings in a particular security during:

1. Any period when the dealings of that security/instrument are restricted or suspended;
2. The existence of any state of affairs as a result of which disposal of investments of the Trust would not be reasonably practicable or might seriously jeopardise the interests of the investors as a whole and of the assets of the Trust;
3. Any breakdown in the means of communication normally employed in determining the value of any investment of the scheme or the current price on any stock exchange or when, for any reason, the value of investments of the Trust cannot be promptly and accurately ascertained; or
4. Any period when remittance of money which will or may be involved in the realization of the investment of the Trust or in the payment for investments cannot be carried out.

The Manager shall immediately notify the Commission of any suspension in dealings and shall provide the reasons for it. A suspension in dealings may be permitted in exceptional circumstances having regard to the interests of investors and with the prior written consent of the Commission. The suspension shall take effect immediately upon its declaration by the manager and dealings shall resume on the first dealing day after the day on which the condition that caused the suspension ceased. A notice to the effect that dealings have been suspended or resumed shall be published immediately on the Bora Advisors website in which the Trust's prices are normally published and shall be published at least a month after the first publication during the period of suspension.

4.12. Duration and Termination of the Trust

The Trust is of an indeterminate duration but may be terminated in the following circumstances:

1. When an event, date or state of affairs specified for termination of the Trust in the Trust Deed occurs;
2. When the Manager of the Trust in writing and with the approval of the Commission, terminates the Trust on the ground that the purpose of the Trust cannot be accomplished;
3. When a court on an application by the Manager of the Trust or by the Commission, a unitholder in the Trust, or a director of the Manager, makes an order to terminate the Trust if and when the court considers it just and equitable to do so or
4. If the Trust is insolvent;
5. When a special resolution for termination is passed by the unitholders.
6. When required by law.
7. When an event of termination occurs, the Manager shall, on a best effort basis, effect a market sale of all of the Trust's assets for the best prices available at such times. The unitholders will subsequently be entitled to receive a distribution in proportion to their respective interests in the Trust of the net cash proceeds derived from the realization of the assets of the Trust and which are available for distribution.

4.13. Conflict of Interest

The Manager may from time to time have to deal with competing or conflicting interests between the other unit trusts which are managed by the Manager of the Trust. However, the Manager will use reasonable endeavours at all times to act fairly and in the interests of the Trust.

The factors which the Manager will take into account when determining if there are any conflict of interest as described above include the assets (including cash) of the Trust as well as the assets of the other Trusts managed by the Manager. To the extent that another Trust managed by the Manager intends to purchase substantially similar assets, the Manager will ensure that the assets are allocated fairly and proportionately and that the interests of all investors are treated equally between this Trust and the other Trusts.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Trust; such services, where provided, will be on an arm's length basis.

4.14. Market for the Units

The units of the Trust will not be listed on any stock exchange. All dealings in the units will be at the registered office of the Manager.

05 RISK FACTORS AND SPECIAL CONSIDERATIONS

5.1 Market Conditions

The investments of the Trust are subject to normal market fluctuations and other risks inherent in investing in securities. There can be no assurance that any appreciation in the value of investment will occur. The value of investments and the income derived from them may fall as well as rise and investors may not recoup the original amount they have invested in the Trust. There is no certainty that the investment objectives of the Trust will actually be achieved and no warranty or representation is given to that effect.

Investment in fixed income securities is subject to interest rate fluctuation. In general, stock values fluctuate in response to activities specific to the company as well as general market, economic and political conditions. Stock prices can fluctuate widely in response to these factors. Investors should regard investments in the Trust as medium to long-term in nature and should expect a level of volatility due to risks involved in investments. A principal risk of investing in the Trust is associated with its investments. Investment advice may be sought by an investor before subscribing to the Trust.

5.2 Interest Rate Risk

Interest rate risk is the risk that fixed income securities will decline in value because of an increase in interest rates. As interest rates rise, the value of certain fixed income securities held by the Trust is likely to decrease. Fixed income securities with longer durations tend to be more sensitive to changes in interest rates usually making them more volatile than securities with shorter durations. Variable and floating rate securities are less sensitive to interest rate changes but may decline in value if their interest rates do not rise as much, or as quickly, as interest rates in general. A wide variety of factors can cause interest rates to rise (e.g. central bank monetary policies, general economic conditions etc.)

5.3 Credit Risk

The Trust could lose money if the issuer or guarantor of a security invested by the Trust is unable or unwilling to make timely principal/and or interest payments, or to otherwise honour its obligations. Securities to be invested in by the Trust will be subject to varying degrees of credit risk. Litigation, legislation or other political events, local business or economic conditions, or the bankruptcy of the issuer could have a significant effect on an issuer's ability to make payments of interest and principal.

5.4 Operational Risk

The Trust will invest through the services of brokers and custodians. This is no guarantee that these parties will not fail or discharge their obligations as expected. This risk can lead to the incurring of costs related to the replacement of the deal (replacement risk). Again, this kind of risk may take the form of settlement risk when the Trust pays cash or delivers Securities but the other party delays execution thereby causing illiquidity which may be critical. While the Manager and the Custodian of the Trust intend to use the services of only the best qualified parties, the choice of available options may be limited. Investors in the Trust will have to understand that they may have to bear such risk.

The Investment Manager actively manages the Trust's assets to reduce the risk of losing any principal investment as a result of the above mentioned.

5.5 Legal Risk

Since all investments are subject to some level of legal and/or regulatory risks there could be some contingencies to deal with. However, Ghana's laws are adequately provisioned regarding fiduciary duties of officers and directors of investment management firms and the protection of investors.

5.6 Market Risk- Availability and Liquidity of securities

The Ghanaian securities market is small, illiquid and potentially volatile. The limited liquidity of the Ghanaian securities market may also affect the Trust's ability to acquire or dispose off securities at the desired price.

5.7 Issue Risk-Effect of Redemption Charge

With the imposition of a redemption charge, an investor who realizes his/her units after a short period may not (even in the absence of a fall in the value of the relevant investments) realize the amount originally invested. The purchase of Bora Balanced Unit Trust units therefore should be viewed as a medium to long-term investment.

5.8. Reinvestment Risk

Reinvestment risk to the fund arises when rates change adversely at the time of maturity of an investment resulting in a decline in returns. The manager will ensure to manage these risks that are within its limits to maintain optimal returns on the Trust at all times.

6.1 Publication of Reports**6.1.1 Reporting to Unitholders**

The financial year of the Trust begins on the 1st of January and ends on the 31st of December of each year. Unitholders can expect to receive the annual report, annual audited accounts and the Auditor's report on the accounts within 6 months (or such other period as may be prescribed by the Commission) from the end of the financial year. All publications shall be made available electronically on Bora Advisors' website. Unitholders shall also be furnished with emails and electronic versions of all documents and publications regarding this Trust. These include contract notes, receipts, investor statements, annual reports, notice of General Meetings etc.

6.1.2 Reporting to the Commission

The Manager shall also submit monthly, quarterly and half year reports to the Commission within 15 days of the next period as required by the Act. The Manager shall in addition submit the annual report, annual audited accounts and the Auditor's report on the accounts of the Unit Trust to the Commission by the 31st day of March of the next year.

6.2 Documents for Inspection

Copies of the Prospectus, Trust Deed, Register of Unitholders, any amending instrument to the deed and the recent annual and half-yearly reports may be inspected and obtained from the Manager's website and from the Manager's head office which is located at:

No. 3 Dano Court
48 Boundary Road
East Legon, Accra, Ghana

6.3 Complaints Procedure

1. The Manager shall maintain a register into which shall be recorded every complaint received, the date on which the complaint was received, and the details of it.
2. The Manager shall investigate or cause the investigation of all complaints received in an expeditious manner.
3. If, for any reason, the complaint is not settled to the satisfaction of the complainant within three months after its receipt by the Manager, the Manager shall give notice to the Commission of the details of the complaint, the action taken in response to it and inform the complainant that the Commission has been notified and provide the date of the notice.
4. After receipt of the notice, the Commission shall investigate the complaint and provide the complainant with such redress as is provided under the Law.

6.4 Guaranteed Minimum Initial Subscription

The Manager of the Trust guarantees an initial minimum subscription of GH¢250,000. In the event that after the closure of the Initial Public Offering the minimum subscription is not raised,

the Manager guarantees to make up for the short fall between the amount raised and the guaranteed minimum subscription.

6.5 Regular Investment Plan

This is a purchase plan that allows an investor to make payments to the Manager on periodic basis to purchase units in the Trust. The minimum value of subscription to the Regular Purchase Plan shall be GH¢10 and may be transferred automatically from a bank account on a periodic basis to the Manager for investment in the Trust by the unit holder. The Trust may alter or terminate this arrangement at any time. Investors are to contact the Manager for further information on this service. The Regular Purchase Plan may also be done by cash payment to the Manager or Guaranty Trust Bank (Ghana) Limited.

6.6 Investment Account

The Manager shall maintain an Investment Account for every unitholder and send an electronic statement on the account to the unitholder at least monthly. The statement will show activities in the account since the preceding statement, if any. Unit holders will receive separate confirmations for each purchase or sale transactions other than automatic investment purchases and the reinvestment of income.

6.7 Benefits of Investing in the Trust

Investment in units of the Trust potentially offers several benefits. Many investors, particularly individuals, lack the information or capability to invest in a variety of high capital appreciating and income earning securities. This Trust could significantly address this by changing the characteristics of the investor's portfolio in terms of risk diversification, liquidity and high returns. The Trust offers investors the possibility of obtaining capital appreciation through strong portfolio of assets.

6.8 Material Contracts

The contract entered into by the Trust which is considered material for the purpose of this issue is the Trust Deed between the Bora Advisors and the Trustees of the Trust, Guaranty Trust Bank.

6.9 Claims and Pending Litigations

There are no existing claims or pending litigations on the assets of the Trust.

6.10 Issue Costs

All the expenses related to the making of this offer for subscription, including fees payable to the regulatory authorities, shall be paid by the Manager.

6.11 Meetings, Attendance, Quorum and Voting

1. The investors of a scheme shall meet for the transaction of business at such times and places as the Manager of the unit trust may determine except that the manager shall hold such meeting at least once a year.
2. The Manager of the Trust shall at the request in writing of investors registered as holding not less than one-twentieth of the number of interests in issue or at the request of a Trustee made in writing, convene a meeting of the investors within thirty days of the date of the request.
3. The Manager may attend any meeting of investors but the manager is not entitled to vote or be counted for a quorum.
